SEVENTH YEAR.

MAYSVILLE, KY., THURSDAY, APRIL 21, 1893.

ONE CENT.

We All Know

There is a popular belief that eyes cannot be properly fitted outside of an oculist's office, but we are constantly proving the incorrectness of that belief. If you have a dull pain about the eyeball, or if, when reading, the letters seem to run together, call and be relieved. We charge nothing for examination, and guarantee satisfaction in every case.

BALLENGER,
Jeweler and Optician.

Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "action" from any more than a merchant can lose over his counter free gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, so matter in what part of the paper they appear.

It is the handsomest line of clothing ever found in Maysville. If this is not the exact truth, then hundreds of customers who have looked through our stock and bought their spring outfit declare themselves for the reason that the verdict is...

Is the Voluntary Expression of Good Dressers

who have favored us with their patronage this spring. Our trade ever since the first of March has justified us in adding from day to day the newest production in everything that pertains to our various departments. Look in our windows; they indicate the proper styles in...

SHOES AND FURNISHINGS.

From us you get the best the manufacturers produce, and our prices are most reasonable. You can buy a good All Wool Man's Suit for \$35; a good English Clay Worsted Suit for \$35; a splendid All Wool Cheviot Suit for \$35; a made-to-order imported Cheviot Suit for \$35. Our line of Tailor-made Suits in all the latest novelties in Cheviot, Serges, Tibets, Clays and Viennas are simply amazing. And \$10 or \$20 buys Suits of the kind that only the best of custom tailors will follow that charge \$40 and \$50—on equal in time, trimmings and making.

Our Smith & Broughton and Bosh & Packard

see them in our show windows are THE shoes for people who fancy nice, comfortable footwear. When the weather turns warm we will talk to you about our 1893 CRASH SUITS.

HECHINGER & CO

LEADERS IN FINE CLOTHING AND SHOES.

More Than 100 Dozen
Shirt Waists!

Have reached us in the past fortnight. Our business in such large quantities is to your interest. Any manufacturer will "squeeze" the price when you take his goods in large lots. We can understand the ordinary dealer because we underbuy them. The difference in cost is your profit. As to shirt waists, we have them in finest quality Gingham, Percale, Madras and Cheviot Cloth. All made with bias and full fronts in sizes ranging from 32 to 44. At \$1.00, \$1.25, \$1.50 and \$2.00. Our time is equal to those you'll pay a third more for elsewhere. Observe our window display.

HOSIERY HINTS.

Our interest in a large hosiery mill gives us a rare opportunity in hosiery selling. "Nude" said. We sell a full seamless black hose at 50c, and a regular lace quality in Tan or Black at 75c, or 1 pair for \$1.00. A great line of Children's Hosiery and Boys' Hosiery in all sizes and colors. Extra special for the week in a regular size Ladies' Hose. Full seamless, absolutely fair color, made of best yarn and put up in pairs in a box, at the ridiculously low price of 25c, for the 3 pairs. Ask to see these.

CHILDREN'S HEADWEAR.

Our line of these cannot be equaled in this vicinity. Beginning with a pretty Gingham checkered for the boy, our stock includes a great variety of Caps and Bonnets, some made of mail, with wide embroidery and straw band framing, at prices ranging from 10c to \$1.50, and others made of silk at 30c, 50c, and \$1.00. Extra good in real French Cap of 10c, value at 20c.

LADIES' KID GLOVES.

Please remember that all of our \$1 and \$1.50 Ladies' Kid Gloves are guaranteed. Should they rip or tear while trying on another pair for the asking. Our new stock includes all the latest and noblest styles, and a perfect fit assured.

The owl's eyes have as muscles by which they can be moved, but extraordinary flexibility in the muscles of the neck enables the owl to move his head with incredible rapidity in any direction.

Three miles an hour is about the average speed of the gulf stream. At certain certain places, however, it attains a speed of fifty miles an hour, the rapidity of the current giving the surface, when the gushing, the appearance of a sheet of fire.

The Gazette says the first house erected in Petersburg was in 1794, situated somewhere near the branch in the rear of where the Deposit Bank now stands. It was erected for a saloon and store. All traces of the building disappeared many years ago.

A museum in Berlin has secured possession of Luther's Bible, which he used in his study. Its margins are covered with notes in the reformer's handwriting. It was printed in Basle in the year 1509, and is said to be in an excellent state of preservation.

I was reading an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy in The Worcester Enterprise recently, which leads me to write this. I can truthfully say I never used any remedy equal to it for colic and diarrhea. I have never had to use more than one or two doses to cure the worst case with myself or children—W. A. STROUD, Popocatepec, Chi. For sale by J. James Wood, Druggist.

The handsome residences of Mrs. Laura G. Collins and Dr. John A. Reed have just been rendered handsomer than ever through the skill of Mr. John Crane. The use of best materials, the employment of competent workmen, and the conscientious execution of every detail, are rules the guide Mr. Crane, and that is why his painting endures and looks well while that of so-called "cheap" contractors fades out or peels off. There is no proverb in Holy Writ that has greater force than the practical phrase that "The Lord is the cheapsen."

SHOOT THE P. M.

That's the Proper Way to Get Your Paper When It Isn't There.

Here's a gentle hint to Lexington patrons who call for their paper and the Postmaster tells them "It hasn't come."

At Cron's Postoffice, near Portsmouth, Tom Bennett has had trouble to get newspapers through the office.

Tuesday evening, while under the influence of too much wine, he called for his paper.

On being informed that it was not there he became very much exasperated, and pulling his 25-caliber revolver, demanded a paper or blood.

He pulled the trigger, the ball striking the counter, glancing and burying itself in the shoulder of the Postmaster; but he didn't get his paper.

GENERAL LEE'S NOTION.

Combining "Yankee" and "Rebel" in the Brigades to Fight Spain.

General Fitzhugh Lee said that the plan to form Regiments into Brigades for the war with Spain would be to combine into each Brigade both Northern and Southern soldiers.

No single Brigade will be formed of exclusive Regiments from either section.

General Lee will not say that he expects to go to Cuba, but hints at this arrangement.

He says the Virginia troops will all fight under him.

A torpid liver robs you of ambition and ruins your health. DeWitt's Little Early Risers cleanse the liver, cure constipation and all stomach and liver troubles. H. W. Ray, adjoining Postoffice.

Human beings have six muscles to each eye, that they may move on either side; but horses, cows, sheep and other quadrupeds, which habitually "incline their heads to the earth in search of food, have a muscle by which their eyelids are suspended and supported, and which we do not need.

"A word to the wise is sufficient," and a word from the wise should be sufficient; but you ask who are the wisest? Those who know. The oft repeated experience of trustworthy persons may be taken for knowledge. Mr. W. M. Terry says Chamberlain's Cough Remedy gives better satisfaction than any other in the market. He has been in the drug business at Elton, Ky., for twelve years; has sold hundreds of bottles of this remedy and nearly all other cough medicines manufactured, which shows conclusively that Chamberlain's is the most satisfactory to the people and is the best. For sale by J. James Wood, Druggist.

"The best way to get rid of a bad law is to enforce it."—General Grant.

JOHNNY get your gun.

The latest weather report from Madrid is that it's very hot.

It isn't always the fellow who makes the most noise that is the first to enlist.

HANGING WEXLER in edgys is much easier but isn't near so effective as hanging him in Havana would be.

FRENCH TILTTON is casting aspersions on the Dons. Hear him:

"Spain will be suffering with paralysis of the seat of her pants in less than ninety days."

CITIZENS threaten to blow up the Opera-house in Anderson, Ind., unless the manager takes out the Spanish landscape. Wonder they don't sell after the druggists who sell Spanish flies.

UP to the present writing at least two Brigades of Colonels have tendered their services to Governor BRADLEY for the war with Spain, but so far only six persons have volunteered to go as privates.

WONDER if any of the gentlemen who are so eager to "recognize the Government of Cuba" could find the aforesaid Government, even if they were provided with a search warrant and a search light?

THE Gold Reserve, which kept going down and down and down under CLEVELAND and Free-trade, is going up and up and up under MCKINLEY and Protection. It is now \$177,881,882. And no bonds have been issued, either.

MACK THOMPSON of Mackville took a dose of strychnine, cut the artery of his wrist and severed both jugular veins with a razor. The account is imperfect, in that it fails to state whether these little diversions simply killed Mr. THOMPSON, or whether they killed him dead.

THE Hon. WILLIAM LINDLEY, United States Senator from Kentucky, has the Ledger's thanks for a copy of the President's Message transmitting to Congress the Report of the Naval Court of Inquiry upon the Destruction of the Battleship Maine. Senator LINDLEY's courtesy rises above the small things in life, and although a political adversary he never forgets that he is a gentleman.

GOLD continues to flow into the country at the rate of a million dollars a day, the engagements abroad for the United States from February 25th to April 10th having been in round numbers \$52,000,000. When to this is added the fact that the mines of this country are increasing their gold product very greatly this year, it will be seen that the United States is not likely to suffer for want of gold.

THE BUYERS' GUIDE.

Remember the Maine!

Place to get bargains in this section of the country is at John I. Winter's the Price Fighter, Maysville, Ky. Our good ship was blown up by a Spanish bomb, which has aroused the patriotic spirit of all Americans residing in the sunny land of the brave, shaded by the waving folds of Old Glory. Another explosion of interest was that of the high prices heretofore prevailing in this section. Remember the date—January the 3d, in the year of our Lord 1893,—the Price Fighter opened in Maysville. Only three months since and "High Prices" have gone forever! Our good and magical sword—"Buy 'em right, add 10 per cent., sell 'em quick"—won the fight, and gratitude today fills the hearts of all the people. They all have a warm corner in their hearts for the Price Fighter, for he has already saved them thousands of dollars. Notice the happy, contented throng of bargain hunters filing in and out of our place all day long; stop and converse with one of them and they will tell you that John I. Winter is the people's friend. We court an investigation of our open method of business. We have no leaders, no baits, no catches of any kind. We make 10 per cent. on everything that leaves our house. We guarantee everything, both in quality and price.

HERE'S THE WAY THE 10 PER CENT. PLAN WORKS!

This elegant Mahoganyized Birch PARLOR ROCKER, superbly upholstered in Silk and Tapestry, Corduroy and Velour, and full Spring Seat.

Here is the FOLDING BED! that you saw advertised in all the Cincinnati daily papers at \$9.95. Our price is what it has always been and that is \$8.15. See what the Price Fighter does for you.

We are still selling this fine STEEL BEDSPRING at 88 cents. Don't pay some one else \$2.75. It isn't business.

Don't forget that we have saved all your neighbors hundreds of dollars on FARM WAGONS, DISC HARROWS, PLOWS, CULTIVATORS, DRILLS AND CORN PLANTERS.

We have the only Disc Harrow made that will cut out the center without overlapping. It is the finest machine that we have ever seen—nothing else like it made. It is the only one, and we sell the price; our imitators always await our lead. So come to the Lexington Herald, we sell all kinds of fine, medium and cheap Furniture, Wagons and Farm Implements. We are

THE ONLY PRICE FIGHTER AND CONSEQUENTLY YOUR FRIEND.

There is more cancer in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment pronounced it incurable. Science has proven Cancer to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from one drop to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars of their name it fails to cure. Send for circulars and testimonials. Address: F. J. Cheney & Co., Toledo, O.
